

Gobles Public Schools Elementary Charging Guidelines

Students at Gobles Elementary Schools will be allowed to have up to a negative -\$12 balance on their lunch account. After the student accumulates a -\$12 lunch balance they will receive a cheese sandwich lunch with sides and milk. If a student lunch balance reaches -\$20 a meeting will be held with the parents, principal, and food service director to discuss how we can best resolve the situation.

Parents will have a negative lunch balance notification sent home weekly informing them of their student's lunch balances.

Any student with an inactive account with a negative balance will have that account put under the schools bad debt policy.

This institution is an equal opportunity provider.
