Your Child's Hearing & Vision Impacts Their Success in School

- An undiagnosed hearing problem may impact your child's ability to pay attention or follow directions.
- An undiagnosed vision problem may affect your child's ability to read and learn.

You've watched your child... Develop, Grow and Learn, now it's time to prepare your child for success in school.

Have Your Child's Hearing and Vision Tested Beginning at Age 3, And Again Just Before the Start of Kindergarten.
