March 13, 2018

Dear Parents and/or Guardians:

If you haven't heard, February 28, 2018, I switched roles from Classroom Teacher to Interim Principal. It has been a privilege to work with an outstanding staff that truly cares about Gobles Middle/High School students. I also appreciate how important your role is creating a positive environment as we, together, educate your student. You are an important reason for our success as a district.

As we work through the remainder of this school year, safety will continue to be a priority. You may already know that there are a few national student walkout dates scheduled by national groups starting with one March 14 and one April 20. At Gobles, we would like to plan ONE event that would cover all of these national dates and best fits our school events calendar. The purpose would be to allow students to express viewpoints and soberly reflect and remember the victims and families affected by the recent tragedy in Parkville, Florida. Since a walkout is skipping class, we will prohibit a walkout and follow Board Policy and the Student Code of Conduct for students that violate school policy.

Recently, I spoke with the students and staff, to identify what type of assembly we at Gobles Middle/High School want to plan. The Gobles Middle School and High School Student Councils are designing a TEAM Gobles event inside to be held on April 20, 2018.

Thank you for the many ways you support Gobles Public Schools.

Sincerely,

Marc Kline

Interim Middle School/High School Principal
Interim Transportation Director
Varsity Cross Country and Track Coach
Gobles Public Schools
