GOBLES - Gobles Public Schools Superintendent, Jeff Rehlander, was acknowledged at the December 8, 2014 Gobles Board of Education meeting for receiving the Michigan Association of School Administrators' 2015 Regional Superintendent of the Year award.

"I am humbled by the selection. It's my personal opinion that every educator is worthy of the award because it is a tough assignment each of us takes on," said Rehlander. "Public education is bigger than any one person. I accept the honor on behalf of the Gobles school community because it has taken all of us to get together and work so very hard for these young people.

"I think it (the award) validates that there are some good things being done from a leadership standpoint in our community," Rehlander continued, "and that we are all working hard to ensure the best takes place for the kids."

Every year MASA gives the award to an individual "who has demonstrated tremendous effort and dedication to helping improve the lives of children within their community." The honoree is selected by regional representatives.

"Community outreach has been at the center of Mr. Rehlander's focus at Gobles Public Schools," said Mr. Brian Beam, Gobles school board president. "With Superintendent Rehlander's clear vision for the district, he has elevated the profile of the Gobles Public Schools, and is continually moving the school and student community forward."
