

Hello Parents, Guardians, Grandparents and Community Members:

We are seeking volunteers for various activities in our middle and high school. To make the process easier for volunteers and staff, we will be using a program called Help Counter. Help Counter will allow teachers and staff to post available volunteer positions and needs. Approved volunteers will be able to log into the app

(<https://www.helpcounter.net/homeAccess.php>) or website (listed below) and see the available volunteer requests. A volunteer can then sign up for the position and the program will send you an email and reminder for the opportunity.

For the safety of our students, staff and other volunteers, only background checked, approved volunteers are allowed to be with students. Therefore, the only way to sign up for volunteering is through our software program. Only approved volunteers have access to sign up. The safety of our schools is very important.

If you are interested in volunteering, please fill out our background check form here:

https://helpcounterweb.com/welcome/school_apply.php?en=308227495

On the background check form you will also be asked which classrooms or activities you are interested in helping, be sure to check all activities and classrooms that you may be interested in for this year.

Once you are approved, you will be notified and then will need to create an account on our helpcounter here:

<https://www.helpcounterweb.com/ci/volunteer>

Our school is under "Gobles Middle/High School"

You will then be able to see available volunteer opportunities and sign up.

For the safety of our students, you will need to reapply each year for a background check. All accounts will be suspended in June.

Thank you for your willingness to serve our students and staff. If you have any questions about using Help Counter, please contact our school coordinators Mrs. Shaina Tubergan (shaina.tubergan@gobles.org) or Mrs. Becky Drayton (becky.drayton@gobles.org).
